I am delighted to know that St. Dominic Convent English Medium School, Vellani is releasing its school magazine. I sincerely congratulate all who work behind its publication. Let the magazine be a source of inspiration, expression of talents, carrier of the history and leading factor in values and virtues.

Education is the movement from darkness to light. It should help the knowledge seeker to have a proper attitude to understand problems and difficulties of life. As the world expect let the staff and students be God-oriented, service minded and society concerned.

It is my prayer and wish that this institution be a model for imparting an integral formation for the young ones. I congratulate all those who have taken earnest efforts to publish this magazine illuminating the activities and the endeavours of this splendid institution.

*Success comes to those who work hard and stays
with those who dont rest on the laurels of the past*

Today we live in a world where change is riding an accelerated pace and we need to pause and reflect on the entire education system. Students must be taught how to thank, not what to think. As the great words as Aristotle says Education the mind without educating the heart is no education at all. The education that has to be imparted has to match the advancement of technology and globalization along with the ethos of moral and ethical principles.

The school magazine is a mirror reflecting the creative minds of the students.

Extending my warm wishes to the principal, staff and students on their road to excellence

God Bless You All

"Hard work is the stepping stone to success"

The academic year 2019 - 2020 is going to an end. When we evaluate the whole year we realize that you have done a lot of activities in different fields. So preparing a magazine with all the activities is a great effort and I am sure that you have succeeded and made a beautiful magazine this year.

The magazine includes variety of colourful expressions and shared with different talents in the form of art, music, thoughts, pictures and photos. This will remind every students and teachers the old memories of the school life and also helps everyone to think to back of your schooldays.

I wish you all the success for your future life and become a great man with simple mind and humble heart. Each and every one of you should become the stars of St. Dominic.

MESSAGE FROM THE PRINCIPAL'S DESK

*“Education finds its real meaning and value
when its aim is character building”
- T Raymond*

The frequent changes and challenges of the present day world call for a revolutionary transformation in the field of education. The need of the hour is to mould responsible citizens who are competitive enough to seek success in life graciously. Keeping in mind this line of thought, we have always strived to ensure that the children who walk into our temple of learning are intellectually and emotionally prepared to face the hurdles of life.

Our pedagogy, aimed at the holistic development of the children, is child centric and in accordance with the developments in the arena of technology and globalization. We have always believed that talents and skills are crops that have to be nurtured, groomed and accorded all possible opportunities to grow and bloom. Therefore we always provide a plethora of platforms to our children to come out of their cocoons and exhibit their skills. Rhythm 2020 is the concrete proof of the fact. It's an enticing kaleidoscope which showcases our school activities and the arresting creative talents of our children. I appreciate the helping hands of the editorial board for sprinkling the grains of quality and excellence in this work. Hope all the readers will have a great time reading our magazine.

Message

An educational institution plays a supreme role in identifying the hidden talents in the students and moulds good and appreciable character in a person. Ambition, planning, hardwork and courage are the key factors for success.

RHYTHM - 2020 is a true reflection of the multifarious activities and achievements of our school and it also brings to light the nascent creative talents of Dominicans. This humble initiative is to set the budding minds free to roam in the realm of imagination and create a world of beauty in words.

I congratulate the children and all the members of the Editorial Board for their tireless effort in bringing out the magazine
